

Data Description

Data Number (will be filled by the Commons Center)	DPPSCdbp_2019-8en
Title	Database of family firms' stock ownership in Japan
Creator	Masanori Orihara
Contact information	Masanori Orihara <orihara@sk.tsukuba.ac.jp>
Summary (Subject and/or Methodology for generation)	<p>The database contains aggregated information on Japanese listed firms' stock ownership by large individual investors whose family name appears as that of corporate executives.</p> <p>I first examine the family name of executives from Nikkei Executive Database. I then merge it with Nikkei Large Shareholder Database based on the individual investors' name.</p>
Update History (Versions, File names, Dates)	"FamilyOwnership_v200505.xlsx", First version, May 5, 2020
Data formats	Excel
Data sizes	11KB
Things to be aware of when using the data (e.g., required metadata)	I have disclosed only aggregated data at the firm-year level.
