Summary (Subject and/or Methodology for generation)	This is a full transcription, with annotations, of “[Edo] Sakurada Gofushin Shosata Hikae”, a record of the construction and renovation of buildings mainly carried out at the Sakurada Upper Residence between An’ei 9 and Tenmei 3 (1780–1783). The document forms part of the construction records of the Hagi Clan’s Edo residences preserved in the Mōri Family Archive held by the Yamaguchi Prefectural Archives. The specifications of the reprinting are based on the “Hagi Han Edo Yashiki Sakuji Kiroku” (Edo Yashiki Construction Records of the Hagi Domain, Chuokoron Bijutsu Shuppan, 2013), which was previously published by the Sakuji Kiroku Study Group (ed.).
